Day 1					
9.00 -9.30 AM	**" The Future – not something we enter – but something we create" Where are we headed in the field of Transfusion Medicine ?** **- an Introductory session to TRANSMEDCON 2024**		Organising team		
9.30 -10.15 AM	**Dr. B C Sangal Oration –** **Dr. R N Makroo**		Chairs : Dr. Debasish Gupta Dr. Rati Ram Sharma		
10.15-11.00 AM	**Plenary 1 –"The magic of Intersections" – Transforming patient care with clinical lab interfaces in transfusion medicine** **Dr. Krishan Kumar**		Chairs : Dr. Aseem Kumar Tiwari Dr. S Subash		
11.00 -11.30 AM	**Coffee**				

Hall A			Hall B			Hall C		
11.30-1.00PM	**Mountain peaks – meant to be scaled - Immune Challenges in Obstetrics**	(Chairs/ Moderators) Dr. Rajbharath Dr. Sangeeta Pathak	**11.30-1.00 PM**	**Technology with prudence – where the art and science of Transfusion medicine meet**	(Chairs/ Moderators) Dr. Prashant Agarwal Dr. K M Radhakrishnan	**11.30 -1.00 PM**	**Moving from good to better? Donors and the donation experience**	(Chairs/ Moderators) Dr. Uma S Dr. Tirtha Chaliha
11.30-1.00PM	**A clinical lab panel discussion**	(Panelists) Dr. Preethi Dr. Prasun Bhattacharya Dr. Maheswari Dr Kamini Khillan Dr. Ashish Jain Dr. Vijayalakshmi	**11.30-11.50 AM**	**Transfer of blood / products via the Pneumatic system**	Dr. Joy mammen	**11.30-11.50 AM**	**Iron stores and blood donations – is there an effect?**	Dr. Ravneet Kaur Bedi
			11.50-12.10 PM	**Enhancing transfusion safety –from lab to Bedside**	Dr. Hem Chandra Pandey	**11.50-12.10 PM**	**Interventions that reduce adverse donor reactions**	Dr. Suchet Sachdeva
			12.10 -12.30 PM	**Automation – a vehicle to enhance quality in component production?**	Dr. Diptiranjan Rout	**12.10-12.30 PM**	**Donor haemovigilance- Data and impact on practice**	Dr. Nidhi Bhatnagar
			12.30-1.00 PM	**Panel Discussion**	Moderator Dr. Joy Mammen	**12.30-1.00 PM**	**Panel discussion The ideal repeat voluntary donor base- What will make it tick?**	Moderator Dr. Rekha Hans Panelists Dr. Susmita Behera Dr. Richa Gupta Dr. Tirtha Chaliha Dr. Ashok Yadav
1.00-2.00 PM	**Lunch**							

Hall A			Hall B			Hall C		
2.00-3.00 PM	When the balance tilts - Bleeders, liver disease and more in pregnancy	(Chairs/Moderators) Dr. Sangeeta Pahuja Dr. Sreelatha	2.00-3.00 PM	Safety – Not a gadget, but a state of mind – a holistic approach to blood safety	(Chairs/Moderators) Dr. Sangeeta Agarwal Dr. Smita Mahapatra	2.00-3.00 PM	Weaving better tapestry for our patients - Enhancing blood safety , accessibility and moving towards personalised medicine	(Chairs/Moderators) Dr. Prerna Mohan Dr. Sudha Ranganathan
	A clinical lab panel discussion	(Panelists) Dr. Prasanna N Kumar Dr. Santosh Benjamin Dr. Sitalakshmi Subramanian Dr. Aikaj Jindal	2.00-2.20 PM	Occult hepatitis B – Still a challenge for transfusion services?	Dr. Hari Krishan Dhawan	2.00-2.20 PM	Rationalising policy for blood donation in the context of emerging and re emerging infection – is there a method to the madness?	Dr. Arun R
			2.20-2.40 PM	Pathogen Inactivation - An Indian Experience	Dr. Tulika Chandra	2.20-2.40 PM	Innovative methods to enhance accessibility of blood in remote areas	Dr. Babita Raghuwanshi
			2.40-3.00 PM	Past ID testing to precision medicine in Transfusion – a holistic approach to blood safety	Dr. Shamee Shastry	2.40-3.00 PM	An update on the ISTM SIG groups	Dr. Aseem Tiwari / Dr. Deepti Sachan

Hall A			Hall B			Hall C			Hall D
3.00-4.15 PM	The apotheosis of challenges- Liver disease & transfusions – newer perspectives	(Chairs/Moderators) Dr. Jayashree Sharma Dr. Shanthala Devi AM	3.00-4.15 PM	Informatics and data science in Transfusion Medicine – A panacea or a path to be tread with caution?	(Chairs/Moderators) Dr. Joy Mammen Dr. Satyam Arora	3.00-4.15 PM	Peering thro a kaleidoscope? – the constantly evolving roles of Apheresis	(Chairs/Moderators) Dr. Anil Khetarpal Dr. R Krishnamoorthy	
3.00-3.15 PM	The fragile balance of coagulation test interpretation and	Dr. Meenu Bajpai	3.00-3.30 PM	The need for Standards for Traceability & more	Mr. Eoin McGrath	3.00 -3.15 PM	Plasma exchange in Neurological conditions – Whats new?	Dr. Vijay Kumawat	

Time	Title	Speaker	Time	Title	Speaker/Panelists	Time	Title	Speaker	Time	Title	Chairs
	transfusion management in liver disease										
3.15-3.30 PM	Complexities of transfusion support in liver transplant	Dr. Deepti Sachan	3.30-3.45 PM	AI in Transfusion Medicine	Dr. Rounak Dubey	3.15-3.30 PM	Unexpected Wins - Unusual indications and responses to therapeutic plasmapheresis	Dr. C. Shivaram			
3.30-3.45 PM	The clinical laboratory interface-criticality for patient care	Dr Ashish Goel	3.45-4.15 PM	Panel discussion/Q&A with Panel	(Panelists) Dr. Satyam Arora Dr. Suvro Sankha Datta Dr. Ganesh Mohan	3.30-3.45 PM	The art and science of apheresis - Rodenticide poisoning and PLEX- the story	Dr. C E Eapen			
3.45-4.15 PM	A clinical lab panel discussion	(Panelists) Dr. Ashish Goel Dr. Brinda Kakkar Dr. Mohandass				3.45-4.00 PM	Tandem Apheresis	Dr. Mohit Chowdhry			
						4.00-4.15 PM	The hub and spoke model -? The on ground reality	Dr. Mangaiyarkarasi			
4.15-5.15 PM	The precarious quagmire of trauma and the transfusion service	(Chairs/Moderators) Dr. Suganthi Dr. Maitrey Gajjar	4.15-5.15 PM	When in a quandary – try a molecular plaform! Molecular applications in Tx medicine	(Chairs/Moderators) Dr. Latha Jagannathan Dr. Rekha Hans	4.15-5.15 PM	Transfusion akin to marriage? The criticality of Risk Mitigation in this critical space – a panel discussion	(Chairs/Moderators) Dr. C. Shivaram (Panelists) Dr. Sangeeta Agarwal Dr. Ajay Baranwal Dr. Richa Gupta	4.00-5.15 PM	Free Paper presentation Come and enjoy listening to recent work done in various aspects of transfusion medicine	(Chairs/Moderators) Dr. Veena Shenoy Dr Yashovardhan
4.15-4.35 PM	Pathogenesis of trauma induced coagulopathy and implication on blood product usage	Dr. Arulselvi S	4.15-4.35 PM	Clinical Implications of molecular blood grouping	Dr.Gayathiri KC						
4.35-4.55 PM	Scoring systems & clinical indicators to assess probability of massive transfusion in trauma – A	Dr. Joses Dany James	4.35-4.55 PM	Application of molecular typing for blood donors in Australia	Dr. Genghis Lopez						

	clinical viewpoint												
4.55-5.15 PM	**Discussing a case of trauma**	Dr. Rahul Chaurasia	4.55-5.15 PM	**iPscs to red cells – the journey!**	Dr. Ramachandran Shaji								
5.15-6.00 PM	**Coffee**												
6.00-7.00 PM	**Inaugural**
